- Redux / Context API
- npm / yarn
- Fetch
- Webpack
- Figma / jQuery / SEO Optimization
- Express / Nest.js
- Sequelize
- Rest API / GraphQL / WebSockets
- Node ORM
- JWT / OAuth 2.0
- CORS
- Postman
- Unit Testing with Jest / End-to-End Testing with Cypress

🌐 LANGUAGES

English - Upper-Intermediate

👤 PROFILE

You can visit my website to learn more about me ↗ **.** I am a Full Stack Developer with **two years of experience on Upwork** in web development, specializing in modern frontend and backend technologies.

📁 PROJECTS

Portfolio
Client: (GitHub) ↗ | Server: (GitHub) ↗
A responsive portfolio website built with **React, Vite, TypeScript**, and styled using **Bootstrap** and **Tailwind CSS**. The backend is developed with **Node.js (Nest.js)** and **TypeScript**, integrating the **Telegram API** and utilizing **Docker** for deployment. The project follows best practices like **CORS** and is tested with **Jest**.

Music Platform
Client: (GitHub) ↗ | Server: (GitHub) ↗
A music streaming platform where users can upload, manage, and listen to music. The frontend, built with **React, Next.js, Redux, TypeScript**, and **Sass**, offers a smooth and responsive user experience. The backend, powered by **Node.js, Nest.js**, and **MongoDB**, handles user authentication, database management, and secure API interactions.

Online Store
Client && Server (GitHub) ↗
A fully functional e-commerce platform with **authentication**, **product management**, **cart functionality**, and **payment processing**. The frontend, built with **React, Vite, Bootstrap, Context API, Tailwind CSS**, provides a responsive UI. The backend, using **Node.js, Express**, and **PostgreSQL**, includes secure **JWT authentication** and **payment integration** via **Stripe** and **PayPal**.

More Projects
Crisp ↗ — Modern online fashion store offering the latest trends
Findtrend ↗ — Trend analysis platform I am always open to new opportunities and collaborations.
Quiz ↗ — Interactive quiz application
Article ↗ — Blog platform with markdown support
Let's build something amazing!

🎓 EDUCATION

Bachelor of Computer Science
National Technical University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute"
2022 - present
